QUAIL.

H. G. Sutton and wife returned home Tuesday from Grennell, Iowa and report a fine time while in the west. Mr. Sutton will sell his property at Quail and probably locate in Iowa. Wm. Scott remains some better at this issue. The protracted meeting at Bethel conducted by R. E. Todd, is doing splendidly with large audience at night. The Hansford Telephone Co. will soon have their new lines complete from Brodhead to Wheelons. Elmer Scott, of Crawfordville, Ind., was called to the bedside of his father, Mr. Wm. Scott who is not expected to live but a short while.

Most of our farmers are about through sowing wheat, and corn gathering will soon be the order of the day. Laura, the little daughter of Wade Proctor is reported better at this issue.

A RELIABLE REMEDY FOR CROUP.

With the dry, cold weather of the early winter months, parents of croupy children should be on the alert for ominous symptoms. There is no cause for anxiety, however, when Chamberlain's Cough Remedy is kept in the home. If this medicine is given as soon as the child becomes hoarse or even after the croupy cough has appeared, the attack may be ward off. Mrs. S. Rosenthal, of Turner, Michigan says: "We have used Chamberlain's Cough medicine for ourselves and children for several years and like it very much. I think it is the only remedy for croup and can highly recommend it." For sale by Chas. C. Davis.

Bryan carried Somerset, Ky., by six votes. The city has heretofore been Republican by 150 to 200 votes.

JUDGE R. G. WILLIAMS,

Who was elected Commonwealth's Attorney of the Kenton Judicial district, by more than 2600. He lead the ticket by more than 500 over Bryan and Rhinock the Democratic Congress man of the same district. Judge Williams is feeling fine over his splendid victory and his many friends in this county extend a hearty hand of congratulation.

BRODHEAD.

Brodhead did herself proud in Tuesday's election as she was the only precinct in the county to go for America's greatest man. I am ready to vote for him in 1912—Walter Miller, B. R. Wilmott, John D. Pike and Horace Benton all came home to vote Tuesday. The Young Men's Club will give a masquerade party at their club rooms to night. John E. W. T. and Thos. W. Evans were all in to vote Tuesday. Mrs. Ellen Mahaffey is visiting in Crab Orchard. Miss Clarence Albright, of Barboursville was a charming visitor to our town last week and while here she was the guest of Mrs. Mary Albright—Mrs. Parks of Missouri and Mrs. Stewart of Silver Creek Ky. visited Mesdames Cass, Tharp and Albright here last week. Mrs. G. W. Brooks has returned to her home at Williamsburg after a few days visit here to her mother, Mrs. M. E. Wilmott.

[Items carried from last week.]

Judge W. R. Cress, of Monticello spoke here Monday night to a very large and enthusiastic audience and it can be truthfully said to be one of the best and cleanest speeches ever heard in this town in a political campaign. Mrs. J. W. Hutcheson spent from Saturday until Monday with Mrs. M. B. Salin at Mt. Vernon. We extend to Mr. Albright, editor of SIGNAL our heartfelt sympathy in the death of his mother. A large crowd from here attended the funeral at Marketburg Wednesday afternoon. Rev. A. J. Pike of this place officiated at the funeral. R. L. McFerron was here Tuesday collecting tax. Dr. Percy Benton received a very high honor at the hands of the grand lodge of masons for Kentucky when he was made Grand Senior Deacon. Mrs. P. A. Shelton has returned home from a ten days visit to Shepherdsville and Boston. Mrs. L. B. Hiltz, of Stanford is spending a few days here with her mother, Mrs. J. R. Cass.

Kennedy's Laxative Cough Syrup is used nearly every where, because it not only heals irritation of the throat and stops the cough, but it drives the cold out of the system, through its laxative principle, by assuring a free and gentle action of the bowels, and that is the only way to cure a cold. You can't cure it as long as you are constipated. Insist upon Kennedy's Laxative Cough Syrup. Sold by Chas. C. Davis.

The terms of thirty United States Senators expire the fourth of March next, and the Legislatures which will choose their successors were voted for Tuesday.

James Jennett, the alleged slayer of Cleveland Farmer, of Simpson county, has been placed in jail at Bowling Green to prevent probable mob violence.

Argument was begun Tuesday in the Supreme Court of the United States in the case of the Interstate Commerce Commission vs. Edward H. Harriman involving the right of the commission to compel Mr. Harriman to answer questions concerning the purchase by the Union Pacific Railway Company of the stocks of competing companies.

At any time when your stomach is not in good condition, you should take Kodol, because Kodol digests all the food you eat, and it supplies health and strength for the stomach in that way. You take Kodol just for a little while when you have slight attacks of indigestion, and you take it just a little longer in order to get relief from severe attacks of indigestion or Nervous Dyspepsia. Try Kodol today Sold by Chas. C. Davis.

Mr. Bryan heard for the third time the news of his defeat in the chief ambition of his career surrounded by a corps of newspaper correspondents and many of his neighbors. He showed bitter disappointment over the support he received in Greater New York. At 10 o'clock Tuesday night he retired. He withheld comment on the result.

Pe-ru-na as a November Remedy.

The month of November, in temperate regions especially, requires of the human body a very radical adjustment to climatic conditions. The hot weather has passed, and cold weather has taken its place. That the CIRCULATION OF BLOOD IN THE SKIN SHOULD BE FREE and active is a matter of common knowledge. And in order that the body may be protected against the lowering temperature a vigorous circulation of blood in the skin must be maintained.

It is not so generally known, however, that the inside of the body also needs protection. THE MUCCOUS MEMBRANES OF THE BODY, that line every passage and cavity and duct, also suffer from the change from hot to cold weather.

A medicinal compound that gently tones up these mucous membranes, enabling them to ADJUST TO WINTER WEATHER, is not only valuable to a great multitude of people, but to another multitude is absolutely essential to health.

Whether Peruna is a medicinal compound that meets these requirements can be judged by a hasty glance at some of its principal ingredients.

Take, for instance, Hydrastis canadensis, which is an ingredient of Peruna. The United States Dispensatory says of this herbal remedy, that it is employed as a cure for DEPRAVED MUCCOUS MEMBRANES, not only of the nose and head, but also of the stomach and intestines, as well as other internal organs. Hydrastis canadensis, ordinarily known as golden seal, is thus very clearly classed by the highest authorities as a valuable remedy wherever the mucous membranes of the body are in need of a little medicinal help.

Cedron is also one of the principal ingredients of Peruna. It is recognized by the United States Dispensatory and all leading works on materia medica, as a TONIC OF THE GREATEST VALUE. It is also an anti periodic and anti malarial remedy, and is therefore frequently used as a SUBSTITUTE FOR QUININE. It is a remedy of great merit, somewhat overlooked by the medical profession of late, but its undoubted tonic qualities are sure to restate this remedy in its original high-class rank as a safe and efficient tonic and appetizer.

Another ingredient of Peruna which is of manifest benefit is cubeb. Bartholow, in his excellent work on therapeutics, states that cubeb PROMOTES THE APPETITE, ASSISTS DIGESTION, and increases the circulation of the blood. He also goes on to recommend it for catarrh not only of the head and pharynx, but also of the stomach, as well as the other internal organs.

LAST, BUT NOT LEAST, IS COLLISONIA CANADENSIS. This remedy, for many years has enjoyed a great reputation in southern states as a panacea for many diseases such as dropsy, indigestion, cramp, sick headache, and the like. Dr. Soudler, a writer of great fame, also recommends this herbal remedy for chronic diseases of the lungs and heart.

These are some of the principal ingredients of Peruna compounded into a single remedy by skillful and experienced pharmacists. The compound has been so devised that each remedy retains its full therapeutic value, one assisting the other in their beneficial action upon the human system, MAKING OF PERUNA A VERY EFFICIENT AND VALUABLE REMEDY.

People who pass through the month of November safely and find themselves acclimated to winter weather, generally pass through the remainder of the cold season without any serious difficulty. But NOVEMBER IS A CRITICAL MONTH. The adjustment of a large multitude of people fails to meet the exigencies of approaching winter.

No safer or more appropriate remedy than Peruna could be found. Taken according to the directions on the bottle, not only would catarrhal ailments be ward off but catarrh already acquired be corrected. It is with the assurance of knowing that we are right that we present to the public Peruna as an IDEAL TONIC AND CATARRH REMEDY.

WE regret very much to learn that our good friend, Louis Landrum has severed his connection with the Lancaster Record, which was one of the best edited and cleanest sheets in the state. Mr. Landrum is a whole-soul fellow, and can claim many warm friends and especially so among the newspaper fraternity. We sincerely hope that whatever business he may engage in, that success will crown his efforts.

FOR the third time Mr. Bryan has been defeated for the Presidency. That he should ever be named as the leader again is improbable but that he shall continue to be looked upon as one of our greatest leaders and one of the nation's greatest men, there is no doubt. With Bryan as it was with Clay and Blaine, his greatness, his purity of heart and nobleness of purpose, is not appreciated.

POLITICS AND POLITICIANS

Authentic information from from Creston, Ia., confirms the defeat of Congressman Hepburn for re-election from the Eighth Iowa district by W. D. Jamieson, Democrat, by 100 votes.

John D. Rockefeller had to stand in line in a New York tailor shop for forty minutes before he had a chance to deposit his ballot. Almost directly behind him in the waiting line stood Judge Alton B. Parker, the Democratic presidential candidate of four years ago.

Bryan's majority in Kentucky will be in the neighborhood of 11,000. With twenty-eight precincts unreported, the Democratic ticket has a majority of 10,953. The missing precincts are not expected to greatly change the majority. Eight Democrats and three Republicans have been elected to Congress, the Republicans carrying Ninth, Tenth and Eleventh districts. Congressman Bennett barely escaped defeat at the hands of J. N. Kehoe, and it is possible that the official count may change the result. The first district gave the biggest Democratic vote in its history, going for Bryan by 13,000, while Ollie M. James' majority is even greater. The Republicans rolled a tremendous majority in the Eleventh. When the twelve missing precincts in this district are reported the majority will probably be over 22,000.

Democratic politicians expressed the opinion in Washington that Bryan's defeat was due to unlimited amount of money and an unwarranted lack of confidence in the principles and pledges of the Democratic platform.

"Big Jim" O'Leary, of Chicago, made the biggest book on the result of the election. He lost but one wager, and that related to Bryan's home precinct. O'Leary admits that his winnings surpass \$500,000. Judge Judson Harmon claims that his plurality for Ohio's governorship will reach 50,000. The Republicans refuse to concede his election. Taft's majority in Ohio is believed to be about 25,000.

The mystery surrounding the disappearance of Willis E. Smith, a student, from Kentucky State University deepens, and a Pinkerton detective has arrived in Lexington to work on the case.

The British Colonial Office, it was learned Tuesday, recently offered President Roosevelt the freedom of the Government shooting preserves in Africa. Mr. Roosevelt replied that he wished to be treated only as a private citizen and did not desire special privileges.

At Republican headquarters in Indiana it is conceded that the Democracy of that State has made a clean sweep concerning the party candidates and elected Thomas R. Marshall Governor over James E. Watson by 25,000 majority. The Democrats will control the Legislature on joint ballot. This will enable the Democrats to name a successor to United States Senator James A. Hemenway. Ten Democrats have been elected to Congress. The official count is necessary to decide the contest in the First district.

MEN PAST SIXTY IN DANGER

More than half of mankind over sixty years of age suffer from kidney and bladder disorders, usually enlargement of prostate glands. This is both painful and dangerous, and Foley's Kidney Remedy should be taken at the first sign of danger, as it corrects irregularities and has cured many old men of this disease. Mr. Rodney Burnett, Rockport, Mo., writes: "I suffered with enlarged prostate gland and kidney trouble for years and after taking two bottles of Foley's Kidney Remedy I feel better than I have for twenty years, although I am now 91 years old."

PREPARING FOR WAR.

In the fall and winter is the time for the farmers to prepare for war on predaceous insects, infertile soils and the coming adverse seasons. When it is too wet or too cold to do out-door work is the time to lay out the coming season's work. You have already outlined the system of rotation of crops you will follow, and now you can calculate on what you will do with the outlying land which you have and which must bear crops in order to retain its vitality and prove profitable. For you should no more have idle land than you should have idle hands or idle people on your farm. In the first place see that all land you intend using the coming year, and that all the land you have in cultivable condition, is flat broken to a depth of not less than four inches, and fully one inch deeper than at the previous breaking. Before doing this scatter all the manure you can scrape up on your place evenly over the land. Don't burn anything off your land. Turn all under that it may make humus for humus in the life of soil. The deeper the land is broken the greater the protection against drouth next year. Many agriculturists deplore deep breaking, but don't you believe them save in wet season.

Do not confine yourself to single crop; such a farmer is always poor. Plant corn, oats, cotton—and no matter whether you live in Kentucky, Tennessee, Alabama or Mississippi plant cotton, for cotton will grow in all these States and make a profitable crop. It has made a good crop this year on the Ohio river near Cincinnati—plant sorghum, and when you give the corn its last plowing plant cow peas. If you live on the Southern part of the Q. & C. line plant potatoes for the same market. Spray your fruit trees during the winter. One of the best sprays is old-fashioned home-made soft soap. As an insecticide it is better than most of the patent nostrums sold in the stores and has the additional

virtue of costing nothing. If your trees are infected with insects write me and I will help you find a means to destroy them. Above all things plant a garden and feed the good wife and kids on fresh vegetables. They will make the wife smile sweeter and the kids learn easier. And finally plant a few hogs. That you can't put down for the winter eating you can sell for spot cash.

Your friend, W. M. Bamberg, Agricultural Superintendent Q. & C. Route.

REV. I. W. WILLIAMSON TESTIFIES.

Rev. I. W. Williamson, Huntington, W. Va., testifies as follows: "This is to certify that I used Foley's Kidney Remedy for nervous exhaustion and kidney trouble, and am free to say that Foley's Remedy will do all that you claim for it."

FINANCE AND IMMIGRATION

Financial depressions in the United States have largely to do with a decrease of immigration and an increase of emigration. The New York figures for the year up to an including October, 1908, are said to show a decrease as against 1907 of 956,329; also, that there is an increase for same time in emigration are of considerable interest. From 1820, when records were commenced, to the close of 1907 the immigration amounted to 25,985,237 persons. Add to this 25,000, as an estimate of the immigration from 1789 to 1820, and we have a total of 26,235,237. For all practical purposes of comparison these figures are correct. If we are to presume that economic conditions, including financial depressions in the United States have to do considerably with immigrations we are supported by some peculiar figures for a calculation. This falling off during the year soon to close is supposed to be due to what in New York has become known as the "great panic of 1906-7." We find, according to the tables, that in 1873 the failures amounted to \$228,499,990, while the immigration that year was 469,803, more by nearly 50,000 than in the preceding year. But in the following years of 1864 and 1875 the immigration was only 313,339 and 227,798 respectively.

There was annual decrease of immigration down to 1879, when it fell to 177,826. During those years failures were very heavy, reaching 10,478 instances, involving \$234,383,132. In 1884 and 1885 there was another increase of failures, being 10,968 and 10,637 respectively, with the amounts estimated at \$228,343,427 and \$124,320,321. The immigration in 1884 was 518,592, but for the years 1885 and 1886 it dropped to 395,346 and 334,203. In 1893, the most disastrous in totals in the financial history of our country, there were reported 15,242 failures, for \$346,779,889. In 1892 immigration had again reached a high tide, being 648,743. But the gloom of 1893 resulted in a reduction of immigration to 314,467 for 1894 and 279,948 for 1895.

Following recovery of the country from those disastrous times the immigration increased wonderfully showing finally in 1905, 1,027,421; in 1906, 1,100,735, and in 1907, 1,285,349.—Enquirer

What Would You Do

If three good physicians should pronounce your case hopeless. If they should decide that you could not live longer than six weeks. And if you should get well, after using only \$12.00 worth of Dr. Miles' Heart Cure and Nerve, what would you advise a friend in like condition to do?

"I have to thank you for saving my wife's life two years ago. We had continued with the doctor until the third doctor, like the two previous ones, said that nothing could be done for her; that she had better be taken home from the hospital to quietly wait her time, which would not be over 6 weeks at the most. I brought her home, and then I thought probably Dr. Miles' Heart Cure and Nerve might help her, so I got a bottle of each and some Nerve and Liver Pills and commenced to give them to her. We soon seen an improvement, and encouraged by this we continued giving the medicine. We gave her eleven bottles in all of the medicine. She takes it occasionally now if she feels the need. I am in the ministry, and have been for 44 years."

This is the season of the year when men without any experience whatever in the handling of firearms go forth into the woods and fields in search of game, and through their carelessness and ignorance contribute to the tragedy records and the work of the hospitals. Now the huntsman shoots a companion, mistaking him for game. Again he shoots himself, perhaps dragging his gun after him as he climbs the fence, maybe failing to observe the common precaution regarding loading and unloading. Scarcely a day passes without bringing the news of some such unnecessary disaster, attributable in almost every case to the recklessness of the hunter. So often are men shot by others through mistake in the woods that this has come to be recognized as a distinct form of casualty, and every year a certain number of deaths and woundings in the woods may be anticipated.

Men go into the woods without experience with the same readiness they go into the water. The summer boating accident is almost invariably the result of inexperience. Some parents allow their children to go out with guns without any thought whatever for the possible consequences. They learn too late the truth that firearms make poor playthings for the young.

ALBRIGHT:—"Of all sad words of tongue or pen, the saddest yet, are these," mother is gone. Just a few minutes after the clock rang out the eventful hour, on Tuesday Oct. 27th, the Godly spirit of our good mother, Mrs. Nannie Catherine Albright, took its flight to Him, who gave it.

Mother was 54 years, 5 months and 19 days old. When only 15 years old, she was united in the holy bonds of matrimony to John C. Albright and to this union were born three children, the youngest a daughter which died in its infancy and two sons William and the writer. For fourteen years father, mother and brother were with me and at that old country home near Freedom church, were spent the pleasant hours of an unbroken family circle. All was peace happiness and comfort. But, alas! the silver cord was loosed, the golden cup was broken, the home had lost its charm, for father was gone. Only a few years passed when the grim reaper, death bent down upon that manly form and brother was called to join the loved one gone before. A few years come and go, when we must stand by the bed side of mother and see her breath out her last. All that skilled physicians and loving hands could do to alleviate her suffering, was of no avail and with anguish hearts could but only wait the fateful end.

None but those who have sat in the shadow of a great bereavement can justly weigh such a sorrow as this. Her life was gentle, but like the still waters it was deep. In her heart of hearts she carried those she loved and her hand was never weary, her step never failed in ministering unto, caring for, waiting upon those who were in any way dependent upon her. None ever entered her home without a warm welcome nor left without feeling the warmth of a genuine hospitality.

She was a faithful member of the Christian church. She was not only faithful to her church but just as faithful in believing that it was her duty as a Christian to do the will of her Master at all times.

The floral offerings were beautiful, presented by the Willing Workers, The Lady Maccabees and admiring friends. Besides the writer, there is left an aged mother, now in her eighty-fourth year, who is broken hearted, because of the loss of her only child, and with the strain of so many years weighing so heavily upon her it is seemingly more than she can bear.

The funeral services were conducted at the Christian church by Revs. A. J. Pike and Walter Brock and Mr. W. H. Cox, after which the remains were laid to rest in the Marebarg cemetery beside her husband and son, our father and brother to await the glorious resurrection morn.

"Fare thee well mother, oh thou to memory dear! Dust to dust, and lulled to slumbers sweet; Sleep on, forever, in the prison drear— But in the realms on high shall our spirits meet."

TO THE VOTERS OF ROCKCASTLE COUNTY:—In announcing my candidacy for jailor of Rockcastle county, beg to say that I have always been a strong adherent to the Republican party and have been willing and ready at all times to advocate its great vital and fundamental principles which have immortalized its name. If elected I shall endeavor to the best of my ability to perform, my duties of office according to law, and make a record of which my party shall not hereafter be ashamed. Hoping that you will give me your support I am,

Yours truly,

M. V. SWINFORD.

CARD OF THANKS:—We wish to return our heartfelt thanks to the many generous friends who stood by us, with such unyielding kindness during the time our dear mother was called upon to suffer before entering upon "the rest prepared for the children of God," and crossed to the "beautiful home over there." Seldom have any in need of sympathy and the most devoted friendship, received so full a measure of the best fruits of the human heart. From first to last it was one unceasing routine of kindness, attention and the glow of death was conquered by the warm radiance of the love bestowed upon our dear one, who has gone before. All that human power could do to alleviate suffering and mitigate our sorrow was done. Nothing that skill could suggest or love supply was wanting, and the altar of friendship was even laden with its holiest incense. May the bread they so lavishly and generously cast upon the waters return to them after many days and He who "tempers the wind to the shorn lamb" protect them from all harm and long shield them from the sorrow, sickness and death incident to humanity; and when they come, as come they must to one and all, may they be sustained and comforted by friends as noble, generous and devoted. More, we could not ask for them; more, friendship could not give.

TAFT CAPTURES THE PRESIDENCY WITH 298 ELECTORAL VOTES

OHIOAN HAILED THE VICTOR WITH PLURALITIES GREATER THAN ROOSEVELT'S IN MANY REPUBLICAN STRONGHOLDS—HE HAS CARRIED PRACTICALLY THE ENTIRE EAST AND MIDDLE WEST.

THE ELECTION IS BIG WITH SIGNIFICANCE—EVERYWHERE THAT MR. BRYAN AND MR. GOMPERS MADE A SPECIAL EFFORT TO DEFEAT THE MAN HE HAD PLACED ON THE UNFAIR LIST HE CAME TO GRIEF—IT WAS THE FIRST EFFORT OF ORGANIZED LABOR TO ALIGN ITSELF WITH A POLITICAL PARTY, AND IT WILL PROBABLY BE THE LAST.

EXECUTIVE HEADS OF NEXT NATIONAL ADMINISTRATION.

New York, Nov. 4.—It is the same old Bryan tidal wave. A tidal wave swept William Howard Taft into the white house just as it swept William McKinley thither in 1896 and 1900. Mr. Taft's majority in the Electoral college will be at least 100. Gov. Hughes has been re-elected in New York by a plurality of approximately 45,000. The house of representatives is safely Republican. Even "Uncle Joe" Cannon, despite the efforts of Mr. Gompers, has snatched himself like a brand from the burning and is re-elected in the Danville (Ill.) district by a plurality between 6,000 and 7,000.

The victory for the administration and the Roosevelt policies is overwhelming. In a word, Mr. Taft has carried practically the entire east, from Maine to Virginia and from the Atlantic to the Alleghenies. He has carried practically the entire middle west. His victory in Illinois is so great that on almost every corner in the reports, Cook county, in which the city of Chicago is situated and in which Mr. Bryan firmly believed he had started a political revolution, was carried by Taft by upward of 40,000 plurality. In the state Taft beat Bryan almost two to one.

Michigan, Wisconsin and Minnesota have all gone heavily for Taft. Both the Dakotas are Republican on the national ticket. Kansas is Republican by at least 20,000. Taft has easily given the Democratic nominee a close contest in the border state of Kentucky. Indeed, so easily has the Republican candidate walked in that one wonders why the Republicans were so badly scared, nearly working Mr. Taft and the white house stenographer to death and generally bending every energy to make the victory so emphatic.

The election is big with significance. Speaker Cannon is re-elected; Representative Dabell is re-elected; Representative Payne is re-elected. Everywhere that Mr. Bryan and Mr. Gompers made a special effort to defeat the man he had placed upon the unfair list he came to grief. It was the first effort of organized labor to align itself with a political party, and it will probably be the last.

Another significant thing in the election is its probable effect on the fortunes of Tammany hall. Tammany has failed utterly to make good its promises to Mr. Bryan regarding the Democratic vote in this city. That Bryan should not have polled a very large vote here, approximately 100,000 more than Taft, will be a bitter disappointment to all the Bryan followers. The day before the election a delegation of enthusiastic supporters of Bryan waited upon one of the most prominent men in Tammany hall and plainly told him that if Tammany did not give Mr. Bryan a very large plurality in New York vengeance would be taken on Tammany at the next mayoral election and the Bryanites would be used to elect a Republican mayor.

This phase of voting was causing the gravest apprehension to the more intelligent and conservative members of the wigwag. There has been a slaughter of Republican gubernatorial candidates in states which Taft has carried. Olney Arnold, Democrat, is elected in Rhode Island; Gov. Burke is re-elected in North Dakota; Gov. Johnson is re-elected in Minnesota. Some of the pluralities for Taft are enormous. Maine gives him 50,000; Vermont, 18,000; Massachusetts, 100,000; New Hampshire, 20,000; Wisconsin, 75,000; Michigan, 100,000; Illinois, 200,000; Pennsylvania, 350,000.

There has also been an increase in the Republican vote in the southern states. Twenty thousand more men voted for Taft in Florida than for Roosevelt four years ago. Virginia's plurality for Bryan has fallen to 15,000 and the Republicans have gained a member of congress. There has also been a considerable gain in the Republican vote in Tennessee, Georgia, and North Carolina.

New Jersey, like New York, has increased the Republican plurality. It gave 80,000 for Roosevelt in 1904. Taft carries it by more than that.

the state of New York, and found Irish encouragement in the gains he was making up state over the Democratic vote of 1904, but as the figures continued to be received he relied on Greater New York to carry the heavy Taft vote above the Harlem river. Even in that he was bitterly disappointed, and he soon realized that the state was hopelessly gone, and with it his prospects of being elected.

According to the predictions of his managers he was led to believe that he would be elected without the aid of the Empire state, and he turned his inquiries toward Ohio and Indiana. The heavy Democratic gain in the Thirtieth Ohio district was a source that to him indicated that the prophecies that Ohio would go Democratic would be fulfilled. He also got much comfort out of a telegram from John E. Lamb, member of the advisory committee from Indiana, stating that the indications were that Indiana was probably Democratic.

After nearly three hours spent in his library, Mr. Bryan came upstairs and talked to the newspaper men and others who had assembled in the "work room." He read some further returns, but they told the same story of defeat, and he announced that he would not have any statement to give out Tuesday night.

HARRIS HOLDS OWN STATE.

Taft Carries Ohio By At Least 100,000.

Columbus, O., Nov. 4.—Though the returns are the slenderest for a quarter of a century, yet they are sufficient to indicate that Ohio has stood by William H. Taft for president, contrary to the country-wide belief that it was doubtful.

His plurality, as shown by the handful of precincts that have been heard from, will be in the neighborhood of 100,000.

The indications are that he has carried the great labor centers of Cincinnati, Cleveland, Columbus and Toledo, and that the agricultural districts have failed to return to the Bryan column with the expected strength.

Harmon, the democratic nominee for governor, is running ahead of the vote given for John M. Patterson, the nominee of the same party in 1902, who carried the state by 42,000. The lead, however, is dwindling with the returns from the rural counties and it is a fair presumption that Andrew L. Harris, the Republican nominee, will be elected by a safe plurality.

Because of the streaked character of the voting the returns upon the congressional contests are confusing. It is likely that Nicholas Longworth, the son-in-law of President Harrison, will be returned in the First district by a small plurality.

Taft Wins in Hamilton County. Cincinnati, Nov. 4.—Seventy-three precincts out of 321 have been received by the local board of elections indicate that Taft has carried Hamilton county by 5,000 or 6,000; that Harmon's plurality in the county will be about 10,000.

The county ticket is in doubt, with probabilities favoring the Democrats.

DEMOCRATS WIN IN KENTUCKY
And Captured Nine of the Congressmen.

Louisville, Ky., Nov. 4.—Chairman Ben Johnson, of the Democratic state committee, claimed the state for Bryan by a majority of 18,000 votes. He said that D. E. Edwards in the Eleventh district was the only congressman the Republicans had elected and that Democrats would represent ten districts in congress next time.

Returns to Democratic state and quarters from Western Kentucky are coming in slowly, but they show enormous Democratic gains wherever reported.

Chairman Johnson believes that Kehoe has been elected over Bennett in the Ninth district, and that A. D. James had been defeated by R. Y. Thomas, Jr., in the Third.

"The victory," Johnson said, "shows what United Democracy can do when it goes after things, and that Kentucky is safely a Democratic state."

At Republican headquarters it was claimed that Congressman Edwards had won the state and elected R. Y. Thomas in the Third.

TAFT CARRIES WEST VIRGINIA
By 20,000 Plurality—Governor Also Likely Republican.

Charleston, W. Va., Nov. 4.—Conservative estimates by leaders of the Republican party, based on incomplete returns received at the state capital gave the seven electoral votes of West Virginia to Judge Taft by 20,000 plurality. They also claim W. E. Glasscock is elected governor over Low Bennett by a plurality only a few thousand less than that received by Judge Taft.

Democratic leaders, while admitting that the state was probably won by the Taft column, are not inclined to base his plurality at more than 10,000 and assert that the gubernatorial race is in doubt, with the chances favorable to the election of Low Bennett.

West Virginia will, in all probability, return a solid Republican delegation to the national house of representatives.

Owing to the fact that West Virginia is a mountainous country it is almost an impossibility to secure returns that would justify an accurate forecast of the gubernatorial race between Glasscock and Bennett, but the returns received show that Glasscock is not running far behind Judge Taft.

Kanawha county, the largest in the state, will give Taft and Glasscock 1,500 majority. Clay county, which fell to the Democrats in 1902, has returned 200 over Dawson (Rep.), has returned a majority of 50 for Taft and Glasscock. Kanawha county gave Roosevelt 3,100 plurality and gave the Democratic candidate for governor a plurality of 700 four years ago.

MISSOURI.
St. Louis, Nov. 4.—Scattered returns indicate that Bryan has carried Missouri by 38,000 plurality and that Cowherd (Dem.) has defeated Hadley for governor by 20,000.

ILLINOIS.
Chicago, Nov. 4.—Indications now are that Taft has carried the state by 170,000. Deneen, the Republican candidate for governor, has been elected by a majority of 10,000. The legislature, which elects a United States senator, will be strongly Republican.

GEORGIA.
Atlanta, Ga., Nov. 4.—Democratic candidates carried in all of the Georgia districts, numbering 11. Re-election of United States senator Clay (Dem.) is assured. No state offices were involved.

WISCONSIN.
Milwaukee, Nov. 4.—The Sentinel claims the state for Taft and Davidson by an estimated plurality of 75,000.

MINNESOTA.
St. Paul, Nov. 4.—The indications based on scattering returns are that Johnson (Dem.), for governor, carries Ramsey county (St. Paul) by 6,500 and the state by at least 25,000. The returns so far received indicate that Taft will carry Minnesota by at least 80,000.

from a majority of counties in Tennessee indicating a plurality of from 15,000 to 20,000 for Bryan. Gov. Patterson will be elected a second term over the Republican rival, George N. Thompson, by a small majority. The usual eight Democratic congressmen will be returned.

PENNSYLVANIA.
Philadelphia, Nov. 4.—Republican leaders claim Pennsylvania for Taft by more than 300,000 plurality. The legislature, they claim, will be overwhelmingly Republican.

OKLAHOMA.
Oklahoma City, Nov. 4.—The Democratic state chairman, Thompson, claims the state for Bryan by 40,000.

VERMONT.
White River Junction, Vt., Nov. 4.—William H. Taft carried Vermont by about 27,000. Returns from all the cities and 144 of the 240 towns give Taft 27,531, Bryan 8,345.

MISSOURI.
St. Louis, Nov. 4.—Scattered returns indicate that Bryan has carried Missouri by 38,000 plurality and that Cowherd (Dem.) has defeated Hadley for governor by 20,000.

ILLINOIS.
Chicago, Nov. 4.—Indications now are that Taft has carried the state by 170,000. Deneen, the Republican candidate for governor, has been elected by a majority of 10,000. The legislature, which elects a United States senator, will be strongly Republican.

GEORGIA.
Atlanta, Ga., Nov. 4.—Democratic candidates carried in all of the Georgia districts, numbering 11. Re-election of United States senator Clay (Dem.) is assured. No state offices were involved.

WISCONSIN.
Milwaukee, Nov. 4.—The Sentinel claims the state for Taft and Davidson by an estimated plurality of 75,000.

MINNESOTA.
St. Paul, Nov. 4.—The indications based on scattering returns are that Johnson (Dem.), for governor, carries Ramsey county (St. Paul) by 6,500 and the state by at least 25,000. The returns so far received indicate that Taft will carry Minnesota by at least 80,000.
